1. **Encyclopedia of ethics.** Lawrence C. Becker and Charlotte B. Becker, editors. New York: Routledge, 2001.
R
170.3
ENC

The second edition of this widely acclaimed encyclopedia has been revised, expanded and updated by its distinguished editors along with 325 world-renowned authorities in the field of ethics. 580 entries cover the spectrum of ethics, including metaethics, ethical theory, perennial moral problems and political, social and legal theory. It includes survey articles on trends and eras; summaries of leading concepts, principles and theoretical problems; and biographical entries on contemporary philosophers whose eminence makes their inclusion appropriate.

2. **Ethics manual for members, officers and employees of the U.S. House Representatives**. United States. Congress. House of Representatives. The Committee on Standards of Official Conduct. Washington: GPO, 1992.
R
328.73
UNI

The Committee on Standards of Official Conduct urges Members, officers, and employees of the House to call or to write with any questions regarding the propriety of any current or proposed conduct. The Committee's Office of Advice and Education will provide confidential, informal advice over the telephone, and the Committee will provide confidential, formal written opinions to any Member, officer, or employee with a question within its jurisdiction.

3. **The Encyclopedia of Philosophy.** New York: Macmillan, 1967.
R

ENC

The present *Encyclopedia* aims to cover the whole of philosophy as well as many of the points of contact between philosophy and other disciplines. The *Encyclopedia* treats Eastern and Western philosophy; it deals with ancient, medieval and modern philosophy; and it discusses the theories of mathematicians, physicists, biologists, sociologist, psychologist, moral reformers, and religious thinkers where these have had an impact on philosophy.

4. **International encyclopedia of the social sciences.** New York: Macmillan, 1977.
R
300
INT

The major aims of this encyclopedia are to reflect and encourage the rapid development of the social sciences throughout the world. It consists entirely of articles prepared expressly for it at the invitation of the editors; no articles have been reprinted from the earlier encyclopedia or from any other publication.

5. **Enciclopedia internacional de las ciencias sociales.** Madrid: Aguilar, 1974.
R
300
ENC

Las principales finalidades de esta Enciclopedia son reflejar y promover el rápido desarrollo de las ciencias sociales en el mundo entero. Todos los artículos que la integran han sido preparados expresamente para ella a petición de los directores de la edición; no se han reproducido artículos de la enciclopedia anterior ni de ninguna otra publicación.
